Dear DP+E, I have worked at Bengalla for nearly 20 years as a [redacted] I have worked in the coal industry around the Upper Hunter for the last 10 years. I have lived and bought properties in Muswellbrooke and along with Bengalla support and thrive in my local community. Bengalla and many of its 600 employees are very valued and respected by me for their support of community organisations, events and environment.

I am very concerned that the Mount Pleasant rail modification if approved will cause Bengalla to curtail its operation prematurely and cause 600 employees to question their future in this community. This will affect the community at large with local businesses, schools and values questioned.

The best outcome for Bengalla, Muswellbrooke, myself, my friends, community and Mount Pleasant would be for both mines to continue for their full life. I have found mining to be challenging, rewarding, equal opportunity, responsible and life style friendly. I have seen environment and heritage honored.

I believe we should emphasise community and environment for existing and future businesses, encouraging stable employment and enriching our culture, values and lifestyle so Muswellbrooke and the Upper Hunter are respected self-fufilling entities many generations from now.
