RE: Application No: DA 300-9-2002-i MOD 6

Dear Director,

I would like to support Coal & Allied's
Warkworth Modification application to avoid a significant
drop in production and employment.

I have worked at the mine for approximately
11 yrs as an operator.

If this modification to the application does
not go ahead it would have a detrimental
effect on myself, my family and the
community.

Please accept my submission in support
of the Warkworth Modification

Regards,

PA Stennett
