Dear Ms Nettlefold

**State Significant Development Application SSD 6617: Notice of Exhibition  
Remediation of part Hickson Road within the EPA Declaration Area, Barangaroo**

Thank you for your letter dated 21 September 2015 giving the opportunity to the South Eastern Sydney Local Health District Public Health Unit to provide comments on the State Significant Development (SSD 6617) for the proposed remediation works within the EPA Declaration Area (No.21122) and adjacent areas of Barangaroo.

We have reviewed the development application and we consider that the provisions incorporated in the remediation plan, EIS Human Health and Ecological Risk Assessment, Health impact Assessment and Noise Assessment are adequate to ensure that the possible health impacts associated with this project have been identified, quantified and addressed provided conditions are placed on the development application to ensure that the works are carried out in accordance with the proposal.

The Public Health Unit would like the following conditions be considered by your department:-

- The applicant is required to provide the undersigned with all air quality monitoring results throughout the remediation works.
- The applicant is required to provide the undersigned with the water quality monitoring results throughout the remediation works.
- In the event of a public health emergency, the South Eastern Sydney Local Health District - Public Health Unit be contacted on 02 93839333 or 0411 458 814 of details of the event and rectification actions put in place to protect the health of the surrounding residents and the public.
- That the Public Health Unit be included in any external communications such as Community leaflets/newsletters in relation to the works, which should be emailed to [santo.cannata@sesiahs.health.nsw.gov.au](mailto:santo.cannata@sesiahs.health.nsw.gov.au)

Tel (02) 9382 8333 Fax (02) 9382 8334

In relation to the remediation works we have reviewed the development application and note a trial for the in-situ methods is to occur. It would be appreciated if a copy of the results from the trial be forwarded to the Public Health Unit.

If you need additional information please do not hesitate to contact Mr Santo Cannata, Senior Environmental Health Officer on 9382 8242.

Yours sincerely
