

29 September 2020

Dear ,

We are contacting you following our previous discussion in April this year.

The upgrade to Chatswood Public School is expected to start in early 2021, following determination of the State Significant Development (SSD) application by the Department of Planning, Industry and Environment. To prepare the site for construction, some early works will begin during the 2020/2021 summer break.

We would like to invite you to meet virtually to provide you with an update on the progress of the proposed upgrades to Chatswood Public School.

If this is of interest, please respond via the contact information below with an appropriate time to meet.

Yours sincerely,

Community Engagement Team
