Dear Sir or Madam

**Proposed site for Bungendore High School - Objection**  
**APPLICATION NO. SSD-14394209**

I refer to the above state-significant development application.  
This is an objection

I **object** to the proposal, for the following reason(s):

- Loss of park, the park is of historical value to Bungendore. The park has a central location and the central green space is essential to keeping its country town character- look to all old country towns- a good example is Orange.
- Traffic congestion, the traffic study was done in haste and presented no accuracy or value. The street proposed for the school leads into the residential areas of Elmslea which already has a significant volume of traffic
- Future growth, the high school site is much more suited to the outskirts of town, a larger development site on the outskirts of town would allow for a large future growth of the school which is expected.
- Parking, the parking would be limited for both teachers, visitors and parents alike and residents would find their drive ways used as pick up zones.
- The park is Crown land and belongs to the people, it should NEVER have been considered to be a site for a high school.

I have not, and no associate of mine, has made any political donation to any person in the 2 years preceding this submission. *[If you have made any political donations, check the Department of Planning's website for the relevant disclosure form.]*

Yours faithfully,

YOUR NAME

Carla Rodeghiero
