Dear Sir or Madam

**NEW HIGH SCHOOL IN BUNGENDORE  
APPLICATION NO. SSD-14394209**

We refer to the above state-significant development application.

I **object** to the proposal, for the following reason(s):

- it will substantially impact on the available community space in the heart of the village;
- it will increase traffic movement through otherwise quiet streets;
- the school will prove to be too small and any future expansion option will be limited or have further significant impact on surrounding areas, including further loss of community space.
- if not currently contemplated, it is highly likely that in future years security fencing will be required around the school, further isolating the community and contrary to the stated objective of it being a shared community asset.
- the scale and form of the proposed structure will significantly alter the heritage character of the heart of Bungendore.

We have not, and no associate of mine has made any political donation to any person in the two years preceding this submission.

Yours faithfully,

Keith and Helen Young
