RE: Modification to Dunmore Quarry Project (DA470-11-2003 Mod 6)

Dear Ms Donnelley,

I refer to your email of 22 January 2013, inviting comment from the Office of Environment and Heritage (OEH) on the Environmental Assessment (EA) for the modification request Dunmore Quarry Project (DA 470-11-2003 Mod 6).

I advise that OEH has reviewed the EA. The Conservation Agreement put in place as part of the original Development Application adequately offsets impacts from the proposed modification. The vegetation to be cleared has been considered as comprising part of the approved disturbance area in creation of the Conservation Agreement on lands adjacent to Dunmore Quarry.

If you have any queries, please contact Thomas Williams on 9995 6861.

Yours sincerely,

*S. Harrison 20/02/13*
