My Name is

I received information in the mail concerning
a Sand & Gravel Quarry Expansion
Project- (SSD8804)

I vehemently object the proposal.

- 1 Access roads around Howlong are not designed for regular truck use - these are country roads for local use.
- 2 Increased risk of accidents due to high volume of heavy vehicles.
- 3 School drop off points are situated along the main road - morning & afternoon
- 4 Howlong residents attending Hospital treatments, emergencies & medical visits.
- 5 Many Howlong residents work in Albury 5 days a week.
- 6 Heavy traffic coming through our small town all day.
- 7 Rapid deterioration on our roads
- 8 Pollution in our clean air.
- 9 Kangaroos & Deer on the road at any time.
- 10 We have already stopped 80 trucks ruining our lifestyle - namely Cleanaway and we will fight your 'Project' fiercely
