Subject: WE OBJECT TO THE POWERHOUSE PARRAMATTA PROJECT BECAUSE

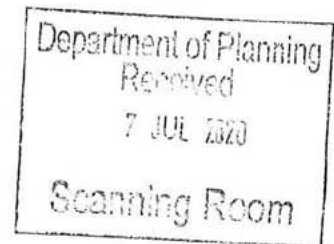

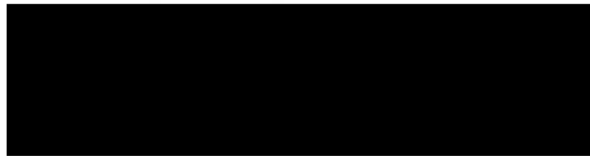

Sent from [Mail](#) for Windows 10

We have not made any reportable political donation

1. The POWERHOUSE at ULTIMO is on the IDEAL SITE because
  - a) Wonderful adaptive re-use of the old Ultimo Tramway Powerhouse
  - b) Proximity to the Sydney City Centre
  - c) Existing rail connection to railway system
  - d) Strong enough to house 1785 Boulton and Watt Steam Engine (working original)
  - e) 1855 No. 1 NSW RAILWAYS Locomotive
2. The proposed PARRAMATTA Site is UNSUITABLE because
  - a) IS FLOOD-PRONE
  - b) involves DEMOLITION of HISTORIC WILLOW GROVE VILLA and St. GEORGES TERRACE
