

→ To Waccagamba Dam Assessment Team

Michael Dewar

① 135 Bradfield Rd.
HINDFIELD NSW 2070.

② Application No 551-8441

Application name — Waccagamba Dam Raising.

③ I support the proposal to raise the Waccagamba Dam wall, for the following reasons:

(a) Sydney population will increase to possibly two million people by 2030, and we will need good clean water.

(b) I am opposed to drinking recycled sewage water — in great quantities that will occur in times of drought.

(c) for Flood mitigation, plus increased potential for use of additional water storage for renewable energy.

Yours sincerely.

ME Dewar.

④ I have ~~not~~ not donated any money to any political party in the last two years' (or ever for that matter, ever!)
