Dear Madam

**Section 75W Modification to Development Consent 162/91DA- Airly Mine Extension of Time**

I refer to the Section 75W Modification to Consent 162/91DA for Airly Mine to continue first workings to 31 October 2015, with no other modification proposed.

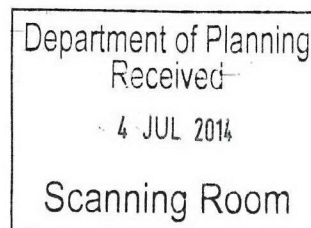

It is considered that given no change to operations other than the length of time to operate past 12 October 2014 to 31 October 2015 is proposed, Council has no objections to the proposed modification. There are no recommendations required by Lithgow Council for this application.

Please do not hesitate to contact Jessica Heath between 12:45pm and 4:30pm Monday to Friday in Council's Environment and Development Department should you require any additional information in relation to this matter.

Yours sincerely

  
P G Cashel
