State Significant Development – Pymble Ladies College - Grey House  
Precinct

Application Number SSD-17424905

I have not made any reportable political donations in the previous two years.

I object to this development.

I am concerned about the additional traffic caused the proposed development. The current traffic situation is very bad, and it will get worse from the development because the trucks and construction vehicles will occupy both the Pacific Highway and local roads including Livingstone Ave, Everton Road and Avon Road.

The proposed ELC and additional classrooms will generate substantial amount of additional traffic especially during morning and afternoon rush hours.

Furthermore, the noise and dust pollution level from every college's significant construction in the past created lots of inconvenience for residents and we anticipate similar disruptions. The college is very disrespectful to the local community.
