## **Submission for**

State Significant Development – Pymble Ladies College - Grey House  
Precinct

Application Number SSD-17424905

I declare I have not made any reportable political donations in the previous two years.

I object to the abovementioned development.

Pymble Ladies college has already more than 2200 students and 400 staff.

The college claims it does not seek to increase school population apart from the 90 new students and 15 staff for the new ELC facility but it also anticipated to have additional 94 new students for Year 5 and Year 6. The information provided in EIS are contradictory.

The increase of college population in connected with the proposed development will increase the local road network traffic, impact the local residents as well as the commuters/motorists in the Pacific Highway. Traffic impact caused by this development should be assessed in detail.
