I have not made any reportable political donations in the previous two years.

I object to this proposed development.

The street which I live is a cul de sac. I can only use Avon Road to access Pacific Highway from my house.

The proposed development will not help the current traffic situation for school drop off and pick up time. Instead, it will make the situation worse during the construction and after the new building starts to operate.

The school has not provided the detailed impact analysis of additional traffic generated by this building during construction and 10 years post construction.
