Dear Ms McNally

Re: Objection to Drayton South Coal Project Application Number: SSD 6875

I am writing as a concerned resident to object to the second application by Anglo American for the Drayton South open coal mine project.

I have lived in the district for more than 20 years, 10 of them on the original Arrowfield Vineyard and Winery property, now known as Hollydene. It was a fantastic spot to bring up our family and I am very concerned that this expansion to Drayton South will have a serious impact on the area for current and future families and the tourism potential of the Hollydene winery and restaurant.

I have worked at Coolmore Australia for the last nine years and I value my employment. It is a fantastic place to work and I am very worried that the expansion will cause noise, dust and water pollution which will have a very negative affect on the Stud and this could possibly affect my employment at Coolmore Australia.

I respectfully ask that you register my objection to this proposal and seriously consider my objections when assessing the appropriateness of the Drayton South open cut coal Proposal.

Yours sincerely,
