Dear Mr Rosel,

**Stage 1C Remediation and Earthworks, Barangaroo (SSD6956)
Comment on the Response to Submissions Report**

I refer to your email dated 28 September 2015 to the Department of Primary Industries in respect to the above matter.

Comment by DPI Water

DPI Water has reviewed the Response to Submissions (RTS) and provides the following comments.

The DPI Water requests clarification to the response outlined in Table 1 of the RTS (page 7). It is recognised the cut off wall is designed to prevent groundwater migration, so presumably groundwater is present, or else an alternative hydrogeological explanation is required.

For further information please contact Janne Grose, Planning and Assessment Coordinator (Penrith office) on 8838 7505 or at janne.grose@dpi.nsw.gov.au.

Yours sincerely

Mitchell Isaacs
Director, Planning Policy & Assessment Advice
