Subject: RE: RMS submission SSD 6956 and SSD 6957
Attachments: SSD 6957 Response Table.pdf

Hi Matthew,

My comments to the applicant's responses are below.

SSD6956

The comments are noted. For my comments on Section 3.2 of the Construction Traffic Management Plan cumulative impacts of other listed proposals aside from Barangaroo South/Central/Reserve do not appear to have been considered. Projects such as light rail, the Metro and Walsh Bay will have direct affects on traffic volumes in Sussex Street and Hickson Road. The others I have listed will have indirect affects.

SSD6957

I have attached my responses in the attached table.

Regards,

Shane
