Dear Ms MacDonald

RE: Notice of Exhibition of Oakdale South Industrial Estate (SSD 6917)

I refer to your email received 13 November seeking input from the Heritage Council of NSW for the above SSD proposal. The documentation provided has been reviewed and I would like to provide the following comments;

- A search of the State Heritage Inventory indicates that the proposed location is not in the vicinity of any State Heritage Listed sites. As such, consultation with the Heritage Council is not required.
- However, you may like to consider the following archaeological condition:
 - o If historical archaeological deposits or Aboriginal objects are discovered during works, work must immediately cease in the affected area(s) and a suitably qualified and experienced archaeologist must be contacted to assess the finds. Additional assessment and approval may be required prior to works continuing in the affected area(s) based on the nature of the discovery.

If you have any questions regarding the above matter please contact Adrian Hohenzollern, A/Senior Team Leader, at the Heritage Division, Office of Environment and Heritage, on (02) 9873 8540 or by email at Adrian.hohenzollern@environment.nsw.gov.au.

Yours sincerely
