Dear Sir,

Re: Application No: SSD 6957 – Crown Sydney Hotel Resort – Barangaroo South.

I write with concern that this Government continues to consider further development on the Barangaroo site.

My extreme objection is that the developer of Crown Casino intends to abandon the original proposal and seek new approval from you the Government, for increasing the footprint, the height, and therefore the bulk of the development for his own satisfaction. This takes further from the people of Sydney the open space, the public land, which is rightfully theirs. THIS SHOULD IN NO WAY BE PERMITTED.

That the Government Planning Department would even begin to consider this change in application, leaves many questions about the development and application process. A long history of public concern and deep suspicion about the process of development of Barangaroo, continues to be held. This is not the way Government in this democratic country should be performing.

I ask you to consider the future of this city and its valuable waterfront position when you contemplate allowing a developer to steal it from those who own it.

Yours sincerely,

Rosemary Cave.
