Dear Sir,

Re: Further Development of Barangaroo

APPLCN. No. 588.6957 - CROWN SYDNEY HOTEL.

I wish to set out my extreme objection to the proposed Crown Casino construction at Barangaroo South, and the proposed adjoining development.

You are reminded that there was an original approved development in relation to the Casino and related buildings and I note with considerable concern that the developer intends to abandon the original proposal and to create its own form of development. The proposed height and inordinate bulk of the developer's intentions make a complete mockery of the planning approval procedure. Development of the nature now sought is totally inconsistent with what was approved and on no account must be permitted.

I also would strongly object to the excessive bulk of the proposed development and in particular the manner in which it firstly is significantly damaging the views of residents in high rise buildings adjacent to the development and secondly to the manner in which public land is being stolen.

Yours sincerely,

Graham Limburg
