

Hi my name is Jackson Gorfine, I live at 350 Cabbage tree road William town. Back in February last year my Mum and Dad told me that there was a possibility that there will be a sand mine at the back of my house. I don't want that to happen because it can cause sickness and it will be very loud.

I love our bush and I don't want to see it go. We have four horses and they could get very sick or quite possibly will DIE if the sand mine goes on. I have a 18 month old brother and a 4 year old sister that adore our bush and horses and they would hate it if they went away. I hate the idea and I hope it does not go on. Oh and I can't forget about the koala habitat.
