

SURVEY OF NOISE AFFECTED RESIDENTS OF CABBAGE TREE ROAD

The purpose of this survey is to measure the actual noise impact of the different noise sources that residents of Cabbage Tree Road are experiencing at this time. Noise impact is not the same as noise level measured in decibels. Noise level alone does not indicate what the resident is experiencing in terms of annoyance. Each person in every household should respond to enable a reliable statistical sample to be obtained..

Demographic information required.

Number of persons in your household. [2]

Age of each person in the household. [61 +] years 53

Address of each person. [14 Barrie Close Williamtown NSW 2318]

Estimated distance of this address from the quarry boundary. [700] metres

Please indicate the degree of annoyance from the various noise sources as follows, ticking one box only:

Aircraft Noise

- (1) Not at all annoyed []
- (2) Slightly annoyed []
- (3) Moderately annoyed []
- (4) Seriously annoyed [☒]

Road Traffic Noise

- (1) Not at all annoyed []
- (2) Slightly annoyed []
- (3) Moderately annoyed [☒]
- (4) Seriously annoyed [☒]

Quarry noise (noise experienced from the previous RZN Mine in the early 90's)

- (1) Were you living in the area when the Quarry was operating Yes [] ; No [☒]
- (2) If you answered **Yes**, proceed to questions (3) to (8). If you answered **No** proceed directly to question (8)
- (3) Not at all annoyed []
- (4) Slightly annoyed []
- (5) Moderately annoyed []
- (6) Seriously annoyed []
- (7) Could you see the noise sources in the quarry? Yes [] No []

In the space below please comment freely but briefly on these and potential noise issues

Noise issue will effect the habitat eg Kolas, Kangaroos etc. it will also impact on my ability to enjoy my outdoor activities eg: gardening, hanging washing, attending to my vegetables. Interaction with people/neighbours, watching TV/Foxtel or listening to the radio.
