Hi Anthony

As discussed with you I wish to confirm that the EPA has responsibilities for pollution control and environmental management for scheduled activities under the *Protection of the Environment Operations Act 1997* (POEO Act). Based on the information provided the proposed activity is not a scheduled activity under the POEO Act and the proposed Hillston Solar Project does not require an Environment Protection Licence.

On this basis the EPA has no further comments to make in relation to this proposal and also requires no further consultation on this project.

Thanks
