Dear,

Re: Letter of Support - Wallarah 2 Coal Project

I would like to submit my support for the proposed mining development in Wyong - Wallarah 2 Coal Project.

I am a member of the Central Coast Poultry Club and have had an opportunity to hear an overview of the Project and what it seeks to offer the Central Coast.

I particularly believe that the Project will benefit local jobs and create new business for our region, which should be considered a priority for the Central Coast. The mining operation will open up new doors for our young people in terms of training opportunities and will also stimulate our local economy.

Upon viewing environmental impact assessments provided by Wallarah 2, I can see no reason why the project shouldn't go ahead. The mine will not negatively impact our waterways and will have very little effect on the surrounding environment.

I trust that this letter of support will be submitted on my behalf.

Many thanks
