Dear Sir/Mam

This letter is in relation to the "Wallarrah 2 Coal mine"
App Number SSD-4974

Hi, My name is Jake Cassar and I strongly object to the Wallarrah 2 Coal Mine for the following reasons -

- a) The Wallarrah 2 Coal Project will affect the CAMBA and JAMBA International Migrational Bird Treaties.
- b) The Wallarrah 2 Coal Project will destroy the Pooralong and Jilliby valleys.
- c) The Wallarrah 2 Coal Project will have a massive negative environmental impact. Affecting the aquifer and threatened species.
- d) The Wallarrah 2 Coal Project will cause increased respiratory problems and severe asthma with local residents.

*O'Farrel, Holstein and Wartcher PROMISED no Coal mines in our water catchments.

FAIR GO!

Sincerely,
Jake Cassar
