Dear Sir / Madam,

I oppose the Wallarah 2 Coal Project as I believe it will decimate the Berralong & Yarralong valleys meaning a loss of habitat for our wildlife & environmental destruction; it will also adversely affect Wyong & Gosford natural water supply.

I am concerned there will be an increase in respiratory diseases;

There is also the probability that many homes will be severely impacted by subsidence.

Fervently hoping this project does not proceed.

I remain

Yours sincerely

N.E. Groothoff

(DR. N.E. GROOTHOFF, RN., Degree ND., Dip Course).
