Dear Mr O'farrell and Mr Hazzard,

The following is the text of a submission I have mailed to The Dept of Planning and Infrastructure objecting to the Wallarah 2 Coal Project.

I am a resident of NSW and wish to lodge an objection to the following mining proposal -

The Wallarah 2 Coal Project which is proposed for the Wyong Local Government Area, on the Central Coast of NSW, north-east of Sydney and south of Newcastle.

The Wallarah 2 Coal Project application has already been refused once, based on the proponent's failure to adequately address issues of water quality, ecological, subsidence and heritage impacts. The proponent has not made any substantial changes to their proposal and it remains to be against the public interest. It should therefore be rejected once and for all.

Yours sincerely,

John Spira
