Letter of Support - Wallarah 2 Coal Project

To Whom It May Concern:

I am writing this letter to express our support as a business for the Wallarah 2 Coal Project.

Surepipe has been in the steel pipe and casing business since 1987, and employs 11 full time staff members, and we directly support another 12 fulltime staff members via joint venture partnerships.

Our core business is the supply of steel pipe and casing to the mining and construction industries and our hope would be that if the Wallarah 2 Coal Project goes ahead, that we would a preferred supplier for pipe both in the construction phase and ongoing production phase of the mine.

Thank you for your consideration,

Best regards,
Stewart Anderson

General Manager
