Wallarrah 2 Coal Project SSD 4974 Amended Development Application

Dear Sir/Madam,

I live in Blue Haven and am extremely worried about the planned mining activity here.

I already have a severe lung disease and also find it hard to sleep at night so the coal dust as well as the noise and lights at night are of concern to me.

It is very inappropriate to allow mining in the middle of suburbia where people live.

I strongly object and ask you to not allow this to happen.

Yours faithfully,

Hendrik Holtman

Ph. 4390 8942
