Dear Sir / MAAAM
RE WALLARAH 2 AMENDED DEVELOPMENT APPLICATION
SSD 4974

I am writing to express my objection to the proposed Wallarah 2 Coal Mine. The coal mine should not be approved.

The amended plan does not adequately address the mine's impact on the Central Coast's water supply, effects of coal dust and subsidence. The proposed coal handling facility is close to schools, hospitals, aged care facilities and homes. As the mine is a risk to the water catchment, the NSW Coalition made a commitment that the mine will not go ahead. That commitment should be honoured.

I moved to the Central Coast for its rural qualities, not so that I could live near a coal mine.

I oppose the Wallarah 2 coal mine.

Yours faithfully, Alan Baynham.
