

A SUBMISSION BY LAURENCE
FRANKLAND **OBJECTING** TO THE
PLASREFINE PROPOSAL

NO! to Plasrefine

That's right! # No to plasrefine not to plasrefine!

Here are the reasons why.

1. It's bad for plants.
2. There's so much smoke and and big noisy trucks coming and going.
3. There's so many families that don't want the factory there.
