

Please see below review from Booking.com, which identify we do have Opera House View rooms in our building. These reviews are all on live and you are more than welcome to have a look at Booking.com.

It is identified that the significance of Opera House View rooms are factors to attract Tourists. Tourists come to the Rocks is mainly looking for heritage charm in the area but not really a high rise apartments.

“Historic charm with beautiful views”

📍 We stayed in the Philip Room which had a stunning view of the Opera House etc. No lifts, so be prepared to carry your luggage up - which fits with the heritage charm of the building and area. Breakfast in the morning was nice and convenient.

"A GENUINE HERITAGE EXPERIENCE AT THE ROCKS"

👍 No negative comments

👍 This locally owned and operated heritage B&B had a warm and welcoming atmosphere and the staff were genuinely friendly and helpful. The ensuite Phillip Room on the second floor was warm and quiet with a view that overlooked the heritage Rocks buildings and the Opera House aglow with the Vivid lights I appreciated the freshly cooked hot breakfast. For a B & B (not a hotel) facilities included - air conditioning, separate bedroom and bathroom portable heaters, bathroom toiletries, hairdryer, safe, ironing board and iron, TV, fridge with mini bar, coffee and tea facilities. It was pleasant to meet and chat with other guests in the cosy lounge and dining room.
