Dear Brett,

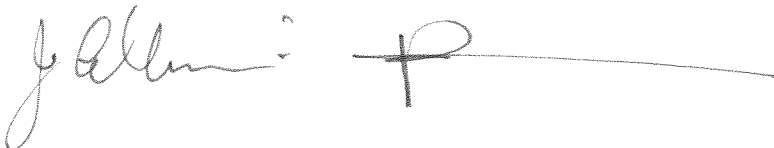

Objection - SSD-8993-Mod 3 – SCEGGS Darlinghurst Concept and
SSD-19989744, SP 58068, 184 Forbes St, Darlinghurst

As residents of the Horizon residential building directly opposite
SCEGGS we endorse the Objections to the above dated 3rd April and
prepared by Jeremy Swan of The Planning Hub.

Of particular concern is a proposed change to the methodology used to
undertake the traffic management plan for construction, which would
effectively exclude consideration of existing concerns, and address only
vehicle movements associated with construction.

Also of concern is the potential for vibration and noise during
construction, which it is suggested have not been adequately addressed
in the application.

Yours Sincerely
