Attention: Ashley Cheong

Dear Sir,

**Re: Blacktown City review of applicant's further response to submission's
for Kings Park Waste Metal Recycling Facility (SSD-5041)**

Thank you for your email of 3 July 2015 providing Blacktown City Council with the opportunity to review the applicant's further response to submissions regarding the King's Park Waste Metal Recycling Facility (SSD-5041).

Blacktown City has reviewed the applicant's additional response and considers that the condition's should remain, subject to an amendment to proposed condition 2.4.1. In addition, comments are attached (Attachment A) in response to the additional information submitted by the applicant. The comments review the additional information in light of Council's previous submissions. Council considers the conditions are still warranted as the additional information does not address and/or conflicts with matters identify in our original conditions. For your information, I have attached a copy of the original conditions provided to the Department on 9 October 2014.

If you would like to discuss this matter further, please contact Assistant Team Leader Projects Melissa Parnis on 9839 6182.

Yours faithfully,

Judith Portelli
Manager Development Assessment
