Dear Sir

Submission to Proposed Rocky Hill Coal Project – SSD-5156

I wish to make a submission to the proposed Rocky Hill Coal Project, SSD-5156.

I ☐ am just providing comment

Having Spoken to people that live very close to mining both at Stratford and Singleton, I would like to object to the mine being so close to Gloucester. There will be a heavy fall out of dust as there is a prevailing easterly. The CSG Fracking will cause impacts. There will be unacceptable noise impacts from the mine and possible health problems.

I am not required to make a reportable political donation.

I have read the Department's Privacy Statement and agree to the Department using my submission in the ways it describes. I understand this includes full publication on the Department's website of my submission, any attachments, and any of my personal information in those documents, and possible supply to third parties such as state agencies, local government and the proponent. I do not wish to have my personal information published with my submission.
