Project Name: Rocky Hill Coal Project
Project No.: SSD 5156

Dear Sir/Madam

Having recently had to relocate from [REDACTED] to [REDACTED] in order to continue working in the mining industry, I support the Rocky Hill Coal Project because of the long-term employment benefits and lifestyle opportunities that the project would bring to the Gloucester community. With so many mining families having to take up fly-in-fly-out opportunities to stay in the mining industry, I see the Rocky Hill Coal Project as an excellent opportunity for employment in a small, safe and welcoming community where families can happily relocate, live together and build a strong future for their children. I believe the benefits this project would attract to Gloucester such as employment opportunities, business growth and community funding significantly outweigh the minimal negative impacts on the local landscape and environment. For these reasons, I implore you to approve the Rocky Hill Coal Project and provide stability, opportunity and growth for the Gloucester community.
