Dear Sir

OBJECTION TO ROCKY HILL COAL PROJECT – DEVELOPMENT APPLICATION SSD-5156

I write to lodge my objection to this project.

The impact on our township will be hideous. Coal dust knows no borders and will spread to us all. Noise will be horrific from the blasting.

The Rocky Hill Coal Project should not be granted approval to proceed.

There should be no coal or coal gas seam mining on agricultural land, particularly when so close to residents and a town.

I have not supported any candidate or political party with financial, or other, donations.

The noise from the mine will also impact on the entire township with blasting.

Sincerely

Mrs Shirley Marrant
