Project Name: Rocky Hill Coal Project  
Project No.: SSD 5156

Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will: replace the industries the town has lost in the past several decades. Gloucester has lost timber, dairy factories, their related industries. Apparently in media reports they state dairy farmers have sold their properties & moved away. Yes the land has sold but the people still live in the district - also, stated only one dairy remains which is untrue as we still have several. Several councillors & ex & present have sold to the mines & now agitate against the development - poor ethics. The current mines have generated jobs & also helped many of the small businesses as well as many organisations Gloucester needs industry provided the same meets the requirements of the majority of people in the community. The 80% claimed by the agitators is not representative of Gloucester as a whole.

I have not made any reportable political donations in the past two years.

OR

Completed political donations disclosure statement attached

Yours sincerely
