Dear Sir,

**Submission to Proposed Rocky Hill Coal Project – SSD-5156**

I wish to make a submission to the proposed Rocky Hill Coal project SSD-5156.

I wish to demonstrate my support for the project and site the following reasons as to why the Department should look favourably on this project for the benefit of Gloucester and New South Wales.

I believe mining and tourism can co-exist if handled correctly. As a business owner I have noticed a marked decline in retail over the last few years but <sup>we have</sup> more competition (Woolworths). This town cannot survive on farming & tourism <sup>alone</sup>. We need mining and the benefits it will bring.

I have read the Department's privacy Statement and agree to the Department using my submission in the ways it describes. I understand this includes full publication on the Department's website of my submission, any attachments and any of my personal information in these documents, and possible supply to third parties such as state agencies, local government and the proponent. ~~I do~~ / do not wish to have my personal information published with my submission
