Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

Hopefully give employment to our local community.
I have a concern about our beautiful town
being disfigured but I feel with the right care
that is promised to us it will work out fine
for our town.

I also feel that Gloucester will suffer if this
does not go ahead for the simple reason that
there is no jobs for the young and with the
jobs that this will create it will see our
young people remain in the local town and
build our community back to what it was.

I ~~have~~/have not made any reportable political donations in the past two years

Yours sincerely
