I OPPOSE THE ROCKY HILL COAL PROJECT

To whom in may concern,

In reference to the ROCKY HILL COAL PROJECT – Application No.SSD5156

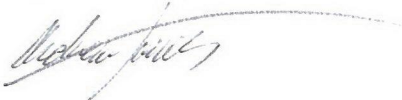

This letter is written to oppose the Rocky Hill Coal project. I have not made a reportable political donation of any kind.

I am a regular tourist to Gloucester and have loved coming to the country and experiencing the fresh air and beauty of the Gloucester valley.

I was shocked and appalled to hear of this proposed mining development occurring so close to the town and residence, especially so close to local schools. I would have thought that an appropriate environmental impact assessment would have been carried out and acknowledged its proximity to the town was completely unacceptable.

Any proposal for mine such as this, should occur far from an iconic town centre such as this. I complete oppose this mining development application. It makes me feel dirty. I'm ashamed to call myself an Australian.

Yours sincerely
