I OPPOSE THE ROCKY HILL COAL PROJECT

To whom it may concern,

In reference to the ROCKY HILL COAL PROJECT – Application No.SSD5156

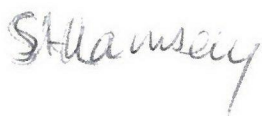

This letter is written to oppose the Rocky Hill Coal project. I have not made a reportable political donation of any kind.

I am a regular tourist to Gloucester and have loved coming to the country and experiencing the fresh air and beauty of the Gloucester valley.

I was horrified to hear of this proposed mining development occurring so close to the town and residence, including the local schools. I would have thought that an appropriate environmental impact assessment would have been carried out and acknowledged its proximity to the town was completely unacceptable.

Any consideration of this mine should include relocating it much further away from the town. If this is not possible then I completely oppose this mining development application.

Yours sincerely

A handwritten signature in dark ink, appearing to read 'SKYERAMSAY', written in a cursive, slightly slanted style.
