Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

Having been on your coal site inspection & attended the advance Gloucester meeting where again details were explained & I believe that you will take every care to make the mine safe for our community & environment. Wonderful to know 75 local people will be eventually employed.

The financial gains to our community will <sup>be</sup> hugely beneficial.

Also to know that the land mined will be returned to its natural state is good news.

I ~~have~~ have not made any reportable political donations in the past two years

Yours sincerely

Shirley Hazell.
