Dear Director,

We moved to Gloucester to be near our family, not to be worrying about a Coal Mine almost to the edge of Gloucester Township.

We oppose the Rocky Hill Project application No. SSD 5156.

Our ages are 78 yrs - 77 yrs and we need a Clean & Quiet environment to enjoy our maturing years, not to have to worry regarding Dust, Noise and the constant worry of the people (like us) who came to Gloucester to be with family in this beautiful Area.
