Rocky Hill Coal Project - application no.
SSD-5151

Dear Sir/Madam,

I oppose the Rocky Hill Coal Project and the
modification to the Stratford Coal
Extension Project.

I am opposed to this mine. my brother lives
in Esperance W.A. & has seen the damage
from transporting coal from Kalgoorlie to
Esperance that has been done from the
dust alone. many people have suffered
breathing problems. it has also caused
numerous deaths with birds etc.

my friends moved from Sydney to
Forbesdale for a happier healthier
lifestyle. They have fought long & hard
to maintain this. It takes the edge of our
visits which we used to love.
I have not made a reportable political
donation.
