Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because: as Retired business man who spent 49 years in Gloucesters C.B.D. I have never seen the town in such a terrible state. With the Gloucester Resources mine more or less shut down most of our young people who worked there are out of work or had to leave the district. I feel this project would help stimulate the local area and provide the much needed employment for our local people and also help the business community in general.

I have / have not made any reportable political donations in the past two years (please circle one)

Yours sincerely,
