15 Queen Street

WINGHAM NSW 2429

To Whom this may concern,

I am writing to you regarding the
Rocky Hill Coal Project
Application No. SSD 5156.

I have not made a reportable political donation.

I wish to express my disbelief & fear of this
coal mine going ahead. I cannot believe that
any government would support such a project
with the intelligent information that we have
about what is and what is not destructive
to our beloved planet that supports us all.

please consider the natural environment and
listen to the fear of the people that maybe
one day we may well destroy ourselves for
not respecting nature. Find another way.
The technology is here. And we all know that.
I thank you.
