

1. Rocky Hill Coal Mine Proposal

Wayne Burgess, Project Manager - Development Assessment (Forster)

The Administrator read a written statement prepared in relation to the adoption of the recommendation and advised that that statement would be attached to Council's formal submission to the Department of Planning & Environment.

149/16 RESOLVED (Turner)

- A. That a copy of the report to Council be forwarded to the Department of Planning and Environment for consideration in that Department's assessment of the application and that the Department be advised that Council does not support the proposed Rocky Hill Coal Mine Proposal for the reasons as outlined in the report, subject to the amendment of Condition 27 to read: $25\mu\text{g}/\text{m}^3$ instead of $30\mu\text{g}/\text{m}^3$.
- B. That the Department of Planning and Environment be advised that the conditions of consent as outlined in the report are necessary should the Department approve the application.
- C. That the Department of Planning and Environment investigate the delineation of buffer areas to development that will be created in the event the Rocky Hill Coal Mine is approved.
