Rocky Hill Coal Project - Application No SSD-5156.

Dear Sir / Madam

I oppose the Rocky Hill Coal Project + the modification to the
Stratford Coal Extension Project.

My reasons for opposing this project are focussed on the
impacts to human health + well being. As the mine
proposed is only 900 metres from the residents of
Forbesdale, these people will obviously be severely negatively
impacted by the dust + noise.

As the Rocky Hill mine 5Klm health impact zone
encompasses Gloucester township, including the hospital +
schools, it would seem no regard has been shown to
these residents + their well being.

Exposing people to serious (well documented) health risks
for the sake of a coal mine is patently for the
advantage of the mine owners, with no regard for our
citizens

I have not made a reportable political donation
Yours faithfully
