ROCKY HILL
COAL PROJECT

I ~~would~~ / would not like my personal details published (please circle your preference)

Planning Services
Department of Planning and Environment
GPO Box 39, SYDNEY 2001
Attention: Director – Resources and Energy

Project Name: Rocky Hill Coal Project
Project No.: SSD 5156

Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because:

I was a resident of Gloucester from 1974 to 2000 (before retiring to Forster).
During this period the area experienced significant change including a large reduction in the number of dairy farms, the closing of the dairy factory and the winding down of a viable and well organized timber industry resulting in the closure of several timber mills and associated suppliers and contractors.

The saviors for the area came in 1995 with the commencement of coal mining at Stratford which has operated without any significant environmental effects and stimulated an otherwise declining community.

With the reduction of mining activities at Stratford, Gloucester now needs another boost to prevent it becoming a run down area of the new Mid Coast Council.

The Rocky Hill Coal Project could provide this much needed boost to business and the community.

To say Gloucester can exist of agriculture and tourism is a myth.

I ~~have~~ / have not made any reportable political donations in the past two years (please circle one)

Yours sincerely,
